

Scarab Sweepers Brexit statement

Revised 30th January 2020

Scarab Sweepers Ltd works with customers and suppliers both within and outside of the EU, and we remain attentive to the outcome of political negotiations with regard to the UK exiting the EU.

Whilst the Withdrawal Agreement ensures a transition period to 31 December 2020, the future trading arrangement is not yet confirmed.

Therefore, we continue to identify, manage and mitigate the business impacts anticipated under a 'no deal' scenario; minimising potential negative impacts on our machine, service and product provision wherever possible. We remain focussed on providing an exceptional level of service regardless of the nature of the trade agreement, and we are reviewing and updating our internal processes to support this objective.

Monitoring of the political discussions continues, and we are seeking expert advice and guidance from third parties where required
